

MAXISTORE

The Dexion Maxistore system consists of Polypropylene Bins and various wire type hooks that are attached to louvered panels. The flexibility of the system provides a wide variety of storage solutions.

Maxi bins stackable. They are the market leader in open fronted containers. The inherent strength of the Maxi Bin comes from the robust design using the best quality polypropylene materials.

Size	Dimensions			Load Capacity (kg)
	Width	Depth	Height	
1	105	136	70	5
2	105	185	70	5
3	140	275	120	15
4	380	170	170	25
5	420	380	170	30

Colours Available: Red, Blue, Yellow, Green, Grey or Black

Louvered Panels are used to hang Maxi bins and Hooks in a high density configuration. The punched slots down each side of the panel enables the panel to be fixed to many different types of vertical surfaces. Note the surface onto which the system is fixed should be capable of supporting the total mass.

These panels are available in the following sizes:

(Price subject to quantity)

Width (mm)	Height (mm)
612	432
612	914
612	1219
612	1524
612	1829
